

THE PORTO RICAN BILL

Now a Law and the Democrats Have Lost Another Political Opportunity.

UNITED STATES WORKINGMEN PROTECTED

Wise Business Policy That Looks to the Country's Future Good.

Special Correspondence.

Washington, D. C., April 18.—The Porto Rican tariff bill is a law despite every obstacle that free trade Democracy could throw in its way. Could they have compelled the enactment of a measure establishing immediate and absolute free trade with Porto Rico they would have had opportunity to assert that the precedent thus established must be applied to the Philippines, to Hawaii, and to any other non-contiguous territory which might subsequently come into similar relation with the United States, and that by the act of the Republican party the cheap labor of the Orient and the tropics was thus to be brought into direct competition with the workingmen and agriculturists of the United States. That was the political opportunity for which the Democrats were fighting, but they failed to accomplish it.

The bill as it stands proposes to temporarily collect on goods passing from Porto Rico into the United States and from the United States into Porto Rico 15 per cent of the regular Dingley tariff and to pay into the empty treasury of the island every dollar so collected, this plan to continue until the legislature of Porto Rico shall have provided local taxation sufficient to meet the necessities of the island and in no event to continue beyond March 1, 1902, after which date there is to be absolute free trade between the island and the United States.

One of the objects of a tariff upon Porto Rico's products imported here is to establish a right to impose such a tariff in later years, should it be found necessary. This will be a precedent in our legislation for our new possessions, the Philippines. The proposed import duty—15 per cent of the Dingley rates—is merely nominal, within 6 per cent of free trade. Back of it is an established power and recognized authority to deal with these questions as shall seem wisest and best when we know more about the whole matter, and shall better understand the true situation with which we have to deal.

What Porto Rico is today we know—that it may become ten or twenty years from now, under the influence of American capital and enterprise, we can only conjecture. Cotton may be growing there, and cotton manufacturing might become a large industry. With cheap island labor, the products of our own Northern and Southern mills could thus be undersold. Would it be right to expose the agricultural and industrial interests of these United States to such competition? If the principle of a tariff be not now maintained, it might be difficult, if not impossible, to impose one hereafter, if it should thus become necessary. Then the Republican party would be blamed, and justly so, for its neglect to protect the interests of American citizens on the mainland, and for its lack of foresight.

It may be that the sugar yield there may grow to such an extent as to curtail the available market area for our growing belt industry. The same may be true

of tobacco, of vegetables, of rice, of oranges, of hides, of hemp and other products. It is not claimed that there is danger today. But that there is strong probability of danger to American industries through the establishment of free trade relations with Porto Rico, as a precedent for our policy in dealing with all our outlying possessions, no one can deny, after having given the subject careful investigation. What applies to Porto Rico might be held to apply equally to other possessions, and who can say what may develop in that much larger and equally fertile area in the East, with its abundance of cheap labor.

This is what we must guard against. Without a precedent, and the established right to impose a tariff upon any of the products of our island possessions, the United States may in years to come feel the effect of such lack of legislation to a very serious degree.

By the adoption of this legislation, future protection will be possible to American interests in case it be needed against that source, or against the Philippines, or against the Danish West Indies, should we acquire them, or any outlying possessions.

An ounce of prevention is worth a pound of cure, and it is best not to fix a precedent that will abolish a right which maintains our national policy. Moreover, the Republican party will not be committed to the policy of free trade as is earnestly desired by the Democrats.

TARNEY ON BRYANISM.

Meaningless Silver Plank Put in "to Catch Wild-Eyed Fellows."

Perry, Okla., April 14.—In a recent interview, while visiting in Oklahoma, Judge John C. Tarnsey, now of Kansas City, and who was appointed one of the Supreme Court Judges of Oklahoma by President Cleveland, made some utterances that have created a political sensation in the territory. In conversation with two newspaper men, Judge Tarnsey said:

"We will have to vote for Bryan but it will not hurt us much. We Democrats have been voting for him, visions and jack-o'-lanterns so long that we are used to it and it does not hurt us any. True, Bryan represents the silver question, but everybody knows that it is a settled question and no one will get scared over it. If I had the writing of the platform, opposed as I am to the silver cause, I believe that I would put that 16 to 1 phrase in, just to catch the wild-eyed fellows who can not understand anything else and know but little about that."

"Yes, it wouldn't hurt anything. The business men know that the 16 to 1 plank would not mean anything, and they would support Bryan because he represents something that they favor."

Judge Tarnsey was Congressman from the Kansas City district for years.

Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature who will call at St. Bernard Drug Store will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person, and none to children without order from parents.

Kentucky Contest Cases Will Be Heard by Supreme Court.

AGREED STATEMENT BY ATTORNEYS

Washington, April 16.—The cases involving the Kentucky Governorship were docketed in the United States Supreme court today. A brief statement in which counsel for both Taylor and Beckham joined, was filed at the same time, asking for an early hearing. In this agreed statement, it is set forth that both Taylor and Beckham as Governor; John Marshall, as Lieutenant Governor on the Republican side, and L. H. Carter, as President pro tem, of the Senate, and John B. Castleman, as Adjutant General on the Democratic side, are each and all claiming the right to and are actually attempting to exercise the powers of the respective offices severally claimed by them, thus producing great confusion in Kentucky, by reason of the doubts as to which of the persons named has the lawful right to exercise the authority pertaining to the several offices named, all to the great injury and detriment of the people of the State. The agreed statement then continues as follows:

"Thus under the constitution

"ABOLISH ALL TRUSTS BUT THIS."

—Philadelphia North American.

and laws of Kentucky, the Governor of the State, in addition to being charged generally with the duty of seeing that the laws are faithfully fulfilled, is especially charged with the duty and invested with the power of filling many important offices in the State by appointment, some by original appointment and others by appointment, to fill vacancies; and also with the power to issue commissions to many offices, whether appointed by him or elected by the people, and also with the power to issue pardons and to remit fines and forfeitures.

"Both plaintiff in error, Wm. S. Taylor, and defendant in error, J. C. W. Beckham, are claiming the right to perform all the functions of the aforesaid office of Governor, and each of them is attempting and has actually attempted to perform said functions, such, for example, as issuing pardons and filling offices by appointment, etc."

"Some of the officers of the State recognize the acts of the plaintiff in error, Wm. S. Taylor, as the lawful acts of the Governor of the State, and refuse to recognize the similar acts by defendant in error, J. C. W. Beckham, while other officers of the State recognize the acts of J. C. W. Beckham as the lawful acts of the Governor of the State and refuse to recognize the acts of

Wm. S. Taylor as such Governor.

"Among other officers whom the Governor is authorized and required to appoint are the officers of the eleemosynary institutions of the State, and each of the said two claimants to the office of Governor has attempted to fill said offices, and some persons recognize the authority of the appointees of one of said claimants to the offices and refuse to recognize those of the other, and vice versa."

"By reason of all these facts and others which might be enumerated, it is of the utmost importance to the people of the State of Kentucky that the question of the right of the office involved in the aforesaid litigation be determined. The question of law involved in said causes are of very great and grave interest and importance, involving the nature and extent of the powers of an election contest tribunal and the powers of the judiciary with relation thereto."

Mr. Louis McQuown appears as attorney for Beckham and others of the Democrats, while Mr. Helm Bruce appears as attorney for Taylor and other Republicans. The motion to advance was made by Mr. Helm Bruce, Mr. McQuown concurring.

While Mr. Bruce was making his statement the Chief Justice asked him if he did not expect

STATE CONVENTION.

Official Call Issued by Republican State Central Committee.

WILL MEET AT LOUISVILLE MAY 17.

Louisville, Ky., April 10.—By order of the State Central Committee this day assembled, it is directed that a State convention of delegated representatives of the Republican party be held in the city of Louisville for the purpose of electing four delegates and four alternate delegates to the Republican National Convention at Philadelphia, Penn., on June 19, 1900, and for the transaction of such other business as may properly come before it, and that said convention shall assemble at 2 o'clock on Thursday, May 17, 1900.

The Republican electors of the State and all other electors, without regard to past political affiliations, who believe in civil liberty, are cordially invited to unite under this call in the selection of delegates to this convention.

It shall also be the duty of the State convention to nominate two electors from State at large, to be voted for at the Presidential election, Tuesday, November 6, 1900.

The Congressional district delegates shall be elected by conventions called by the committees of each district. In the manner of nominating the candidate for Congress in said district, each Congressional district will be entitled to two delegates and two alternate delegates. Said Congressional district convention will also nominate an elector to be voted for at the Presidential election, Tuesday, November 6, 1900.

The basis of representation in said convention shall be one delegate for every 100 votes cast for McKinley for President at the November election in 1896, and one delegate for every fraction over 50 votes cast.

The Chairmen of the various county committees are hereby directed to issue a call for conventions of delegates to attend said conventions, which conventions or primaries shall be held at some convenient place in the county.

The Chairmen will cause to be published and shall give at least ten days' notice of the manner of selecting said delegates except that the Chairman of the State Central Committee, Mr. C. M. Barnett, and the Secretary thereof, Mr. K. N. Hampton, together with Mr. N. C. Cureton, be and are hereby appointed a special committee to have full charge and control of the selection of delegates to the district convention for the Fifth Congressional district, also delegates to the State convention from Jefferson county for the ensuing term of four years. The said special committee shall have power to determine the method by which the above selection shall be made and shall appoint the proper officers to conduct the same. They shall receive the returns from the primary elections, or the mass conventions, as the case may be, and issue certificates of election to the persons receiving the majority of votes, and such certificates of election shall be prima facie evidence of the election of such delegates and committees.

C. M. BARNETT, Chairman.
K. N. HAMPTON, Secretary.

FREE BLOOD CURE.

An Offer Proving Path to Sufferers.

Is your blood pure? Are you sure of it? Do cuts or scratches heal slowly? Does your skin itch or burn? Have you pimples? Eruptions? Itching bones or back? Eczema? Old Sores? Bolls? Scrofula? Rheumatism? Foul Breaths? Catarrhs? Are you pale? If so, purify your blood at once with B. B. B. (Boschee's German Syrup). It cleanses and clears, heals every sore and gives a rich, smooth, healthy skin. Deep-seated cases like skin eruptions, eating sores, painful swellings, blood poison are quickly cured by B. B. B., made especially for all obstinate Blood and Skin Troubles. B. B. B. is different from other remedies because B. B. B. drains the Poisons and Humors out of the Blood and entire system so the symptoms cannot return. Give it a trial. It cures when all else fails. Thoroughly tested for 30 years. Sold everywhere. One 15-cent per large bottle, 6 large bottles (full treatment) \$5. So sufferers may test it, a free trial bottle is sent away absolutely free. Write for it. Address: BLOOD BALM CO., Atlanta, Ga. Write today. Describe trouble and free medical advice given.

INDIAN BREAD ROOT.

Fine Specimens Found on J. W. Finley's Farm—in Public Library Museum.

Mr. Jas. W. Finley brought in a fine specimen of Indian breadroot Monday, which had been plowed up on his farm a few days ago. It is now on exhibition in the Public Library museum. It is fourteen inches long, five inches in diameter and weighed, partly dried, a little over five pounds. Looking up the history of the plant it is found to possess the botanical name of *Psoralea*. There are thirty species in North America. This variety, known as prairie-turnip, prairie-apple, Cree potato, or Missouri breadroot, once yielded a great part of the food of Indians, but is now rarely found. It covered the prairies from Saskatchewan, Canada, to Texas. At one time the attempt was made to introduce this plant as an excellent European food. It is the size of the potato-rot but the attempt was unsuccessful.

August Flower.

"It is a surprising fact," says Prof. Houlton, "that in my travels in all parts of the world, for the last ten years, I have met more people who used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where bad stomach and general bad feelings from irregular habits exist, that Green's August Flower is a grand cure. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion. It tempts the stomach free at St. Bernard Druggists. Sold by dealers in all civilized countries."

G. T. McEuen is enjoying a good trade for which he is very thankful to his many friends.

The foreign commerce of the United States has grown from \$1,000,000,000 in 1872 to \$2,000,000,000 in 1900.

An increase of \$50,000,000 in bank note circulation is one of the immediate results of the new currency law. This much is already in sight.

On April 1, 1896, the per capita money circulation in the United States was \$21.53. On April 1, 1900, it was \$26.12, calculating the present population at \$77,895,000.

LIEUT. GOV. MARSHALL will probably be the Republican candidate for Congress from the city of Louisville in case the United States Supreme Court should decide that it has no jurisdiction in the gubernatorial contest. Mr. Marshall would embody the elements of the whole Kentucky issue and would win a sweeping victory. We cheer for Marshall for anything.

For the first time in history the year 1900 has a total of more than two billion dollars of money in circulation in the United States, and the average per capita circulation has for the first time crossed the \$26 line. On April 1, 1900 the total money circulation was \$2,021,274,500. On April 1, 1896, it was \$1,528,629,403. This is an increase in total money circulation of \$492,645,097, or 32 per cent.

The arrangements were successfully planned, and it all looks entertain as royally as did the most recent lodge of Madisonville, success is assured.

Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle.

Hall's Family Pills are the best.

G. F. Bell, of Dalton, who went to Colorado with his wife a month ago for the benefit of her health, came home last Friday afternoon. Mrs. Bell had made marked improvement from the date of their arrival in Colorado, and he left her very much better and stronger in every way, with great promise of a thorough restoration. Mrs. Bell is in a desirable part of North Denver and is close neighbor to Miss Lillian Porter, daughter of Esq. Herschel Porter, of this county, who has been in Denver since last fall. Miss Porter is now enjoying excellent health.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—each day gradually growing weaker. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and was a well man. I know they saved my life and robbed the grave of another victim. Only 50c., guaranteed at St. Bernard Drugstore."

Bonsie Likes Earlington.

Mr. H. S. Bonsie, who spoke here last week in the interests of prohibition, says he never saw a coal mining town that had as many noble, intelligent people in it as has Earlington. Thanks, Bro. Bonsie.

That Throbbing Headache.

World quickly get on you, if you use Dr. King's New Life Pills. Thousands of sufferers have proved their blood and nerves for sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25c. Money back if not cured. Sold by St. Bernard Drugstore.

We are glad to note that Mr. Madison Ollman, who for some time, has been on the sick list, is again able to be out.

Coughed 25 Years.

I suffered for 25 years with a cough and had spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life. J. B. Rosell, Grantsburg, Ill.

A Series of Lectures.

Earlington has had quite a treat lately in the way of prohibition lectures. First, H. S. Bonsie, "The Flying Dutchman" alighted in our little town, and lectured at the Christian Church, for a series of two lectures, and did sink his talons deep in the whiskey traffic.

Next, came W. M. Atkins, the editor of the "Vindicator," of Owensboro, and he also made two lectures to large and appreciative audiences. With him was Miss Jennie Thorpe, the "Indiana Nightingale," who charmed all by her sweet songs and pretty recitations.

A Thousand Tongues.

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Life Pills cured her of a hacking cough that for many years had made her life a burden. All other remedies and doctors could give her no help, but she says the Royal Cure—it soon removed the pain in my chest and I can now sleep soundly, something I scarcely remember doing before. I feel like sounding its praises throughout the United States. So will most of those who try Dr. King's New Life Pills for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. Trial bottles free at St. Bernard Drugstore; every bottle guaranteed.

Prohibition Party Work.

Mr. Bonsh, who spoke here on Prohibition last week informs us that he has already raised seven hundred dollars for a district fund to prosecute the prohibition party work in the Second Congressional district. He expects to raise \$1,000. The Congressional Convention will be held at Owensboro April 27, and the Prohibition Party State Convention will be held in Owensboro likely in June.

Editor's Awful Night.

F. M. Higgins, Editor Success, Ill. News, was afflicted for years with Piles that no doctor or remedy helped until he tried Buckle's Remedy. He writes two boxes wholly cured him. It's the surest Pile cure on earth, the best salve in the world. Cure guaranteed. Only 25c. Sold by St. Bernard drugstore.

Milton Martin, son of postmaster Martin, of Madisonville, who has been an employee in the Hopkinsville asylum under Dr. T. W. Gardner, has left Hopkinsville and will enter business at Clarksville with his brother.

Many so-called "bitters" are not medicines, but simply liquors disguised so as to evade the law. PRICKLY ASH BITTERS is not one of this class. It is strictly a medicine, acting primarily on the kidneys, liver and bowels, and for the dangerous diseases that result from these organs it is a remedy of the first grade. There is nothing objectionable in its taste. It has a very agreeable flavor and is acceptable to the most delicate stomach. Sold by St. Bernard Drugstore.

Consumption Cured.

Dr. Otto's Spruce Gum Balm will cure any case of consumption if taken in time. Consumption starts with a slight cough or cold. This is where consumption gets its start. If you will use Dr. Otto's Spruce Gum Balm, you will cure the cough, heal the lungs and throat, and avoid the most dreaded of all diseases, consumption. Delay in attending to a slight cough may cost you your life. Large size bottles, Price 25c and 50c. For sale by St. Bernard Drugstore.

According to consular reports, Yucatan is enjoying a season of great prosperity. Many commercial and other schemes are being projected in railroad and kindred enterprises.

"We Don't Want Money Bad."

We want it good, and we will give you value received, as is every bottle of Dr. Caldwell's Spruce Gum Balm. No matter be it 10c, 25c or \$1.00 as we guarantee it for Constipation, Indigestion, Sick Headache and Stomach Trouble. St. Bernard Drugstore.

It will cost \$25,000 to put the exposition building at Philadelphia in shape to seat the 15,000 people expected to be present in the hall during the Republican convention.

Pains in the Back.

A. B. Farrington, Constantia, N. Y., says: "I was troubled several years with kidney disease and suffered severe pains in the back. I used Foley's Kidney Cure and one bottle cured me. I recommend it to my friends. It has given perfect satisfaction." Take no substitute. Campbell & Co.

GOOD PEOPLE OF EARLINGTON:

We address you through your own paper, THE BEE, believing it to be the surest way of gaining your attention.

We want every reader of THE BEE to know we are anxious to have them make our house their headquarters when in Madisonville. We look upon many of you as personal friends, and feel complimented when you are with us. You have a cordial invitation to leave your baggage with us, whether you are interested in the LOW PRICES we are making on First-class Seasonable Merchandise, or not.

Such prices as 5c. for the very best Apron Gingham; 5c. for American, Merrimack, Allen and Gartner and Simpson Prints; 5c. for good, smooth, yard-wide Brown Domestic; 5c. for as good yard-wide Bleached Domestic as you ever saw at that price; 12½c. for Feather Ticking, warranted to hold feathers; \$1.50 for a genuine Custom Kid Shoe, every pair warranted, any size from 2½ to 8½ for Men's Brogans; \$5, \$7.50 and \$8 for Men's All-wool Suits of Clothes, are very seductive, sound out of reason, but these are the low prices that confront you at our house. But as we just said, we are anxious to have you stop with us, whether you are in the buying mood or not. When you are in, if you wish, we will enjoy showing you through our great stocks, make our prices and let you be the judge. Very Respectfully,

THE PARIS EXPOSITION.

The Greatest Exposition of the Many
Held During the Last Half
of the Century.

IT IS FORMALLY OPENED TO THE WORLD.

A State of Unprecedented the Most
Notable Feature of Opening Day
—The Americans, Next to the
French, the Most Numerous Ex-
hibitors and Most Numerous Ready.

Paris, April 14.—At noon France
opened to the world the crowning ex-
position of all countries. The most
favorable weather conditions pre-
vailed, and innumerable bright-
colored domes and minarets glistened
in the sunshine. Paris was early
with people vying their way to-
wards the Elysee and in the direction
of the exposition, in the hope of
witnessing the presidential procession at
some part of its journey.

General Decoration.
All the public buildings and num-
berless private houses were decorated
with festoons of flags, chiefly the tri-
color. The neighborhood of the ex-
position was especially gay with bun-
ging, while most of the pavilions them-
selves were surmounted with floating
lanterns.

Battle Within the Grounds.
Within the exposition grounds all was
bustle and animation in a suc-
cessive effort to clear away all un-
sightly obstacles in order to leave an
unobstructed road and an external ap-
pearance of completeness to the pal-
ace for the presidential party in its
passage through the grounds. The
finishing touches were hastily given
to the magnificent Salle des Fêtes.

Opened by President Loubet.
President Loubet, as he stood in the
presidential tribune, surrounded by
the members of the cabinet and his
household, opened the exposition with
the words: "I declare the exposition
of 1889 open."

This was the Paris exposition, de-
signed to celebrate the world's entry
into the new century, inaugurated and
shouts of "Vive Loubet" and "Vive la
Republique" rose from his 4000 hear-
ers, and silk hats were waved in the
air. The crowds outside the hall took
up the cheering and the exposition
was open.

Americans Have Cause for Pride.
Americans especially will be proud
of their country's part in the
world's fair, for the United States
stands second only to France herself
in number of exhibitors, while those
of any foreign country.

The Figures Speak.
The following is a table of exhib-
itors which speaks eloquently of
American enterprise: France, 30,000;
United States, 6,564; Belgium, 2,500;
Germany, 2,000; Italy, 3,000; Russia,
1,500; Scandinavia, 1,400; Austria, 1,
500; Great Britain, 600; the British
colonies, 600. America has three times
the number of exhibitors that France
had at the World's fair in Chicago.
She occupies 320,000 square feet with
her 47 distinct exhibition spaces, 33 in
the main exposition grounds, 14 in the
Vincennes annex, including the
ground covered by our eagle sur-
mounting the national pavilion the
Quai d'Orsay.

An American Object Lesson.
The highest testimonial to Ameri-
canhood, comes from Commissioner
General Peckham himself. After com-
paring the state of progress of the
exposition of various nations, he said
to Commissioner General Peck:
"It is an object lesson to us all to
see the American people work. I
thank you for your promptness and
the advanced condition of work in the
United States section."

TWO BOILERS EXPLODED.
Destructive Explosion at the Nation-
al Tube Co's River-side Works
at Wheeling, W. Va.

Wheeling, W. Va., April 14.—Two
boilers in the furnace department of
Piverside plant of the National Tube
Co., exploded, carrying the boilers 150
feet and destroying three buildings
and boilers in the steel works and wa-
ter works. Several workmen were in-
jured, two seriously. Three thousand
workmen will be thrown out of em-
ployment for ten days.

FATAL BOILER EXPLOSION.
David Zimmermann and James Mot.
Slain by an Explosion
at Sylvester, Mich.

Big Rapids, Mich., April 14.—The
boiler in John E. Blier's saw mill at
the hamlet of Sylvester, exploded
Thursday night, killing David Zim-
mermann, aged 70, and James Moffitt,
aged 25. Oscar Zimmermann, work-
man, was severely injured, and is reported
dying. The mill was completely demolished.

Generals Mills and Corbin.
New York, April 14.—A special to
the Herald from Washington says: All
indications point to favorable action
by the present congress on the propo-
sition to promote Maj.-Gen. Mills to
the rank of lieutenant general and
Brig.-Gen. Corbin to the rank of major
general.

Killed His Wife.
Steuenville, O., April 14.—William
McLean, proprietor of a hotel and
saloon, shot and killed his wife,
Thursday night. He was found by the
doctors and died, but was not im-
mediately taken into custody.

KENTUCKIANS INDICTED

Ten Charged With Complicity in the
Murder of Goebel.

Henry E. Youtsey, Auditor Sweeney's
Clerk, the First Principal.

Partisan Grand Jury Indictment Refers to a High
State Official as Accessory—James and
Berry Howard, Whittaker and
Combs Named as Principals.

Frankfort, Ky., April 17.—The
Franklin County grand jury this
afternoon returned indictments
against ten persons, charging
them with complicity in the mur-
der of William Goebel. The
principals named are Henry E.
Youtsey, James Howard, Berry
Howard, Harland Whittaker and
"Tallow Dick" Combs, colored.
Those indicted as accessories be-
fore the fact, are Secretary of
State Caleb Powers, Capt. John
T. Powers, ex-Secretary of State
Chas. Finley, W. H. Culton and
Wharton Golden.

In the indictment relating to
the alleged accessories three
other men are indirectly referred
to as accessories, though no in-
dictments were reported against
them. One is a high State official.

The indictments were reported
at 4:30 this afternoon. Henry
E. Youtsey, who is mentioned
as the first principal, was a clerk
in the office of State Auditor
Sweeney. He formerly lived at
Newport. Youtsey was first
named in the case by Wharton
Golden, the star witness for the
prosecution at the examining
trial of Caleb Powers. James
and Berry Howard are cousins,
and maintainers of a home in
connection with the old Baker
Howard feud. They were with
the men alleged to have been
brought here by the Powers
brothers, Finley and others on
the "excursion of mountaineers."

Harlan Whittaker lived in
Butler, Gov. Taylor's home
county, and is alleged to have
been in the room in which the
shot was fired. Tallow Dick
Combs, the negro, lived at Be-
attyville, and also came with
the mountain men. Caleb
Powers is the Republican con-
testee for Secretary of State, and
John L. Powers, another of the
defendants named as an accessory,
is his brother. Chas. Finley
was Secretary of State under the
former Republican state adminis-
tration.

Charles Finley is now in Indian-
apolis, having gone there just be-
fore the warrant charging him
with complicity was sworn out
six weeks ago. W. H. Culton
was also a clerk in the office of
Auditor Sweeney. Wharton
Golden was a member of the State
guard, and claimed to turn State's
evidence on the stand in the ex-
amining trial of Caleb Powers,
when he recited what he claimed
to be the inside facts relating to
the alleged conspiracy to murder
Goebel and a sufficient number of
Democratic members of the Leg-
islature to give the Republicans a
majority. It is stated that the
commonwealth will at once nolle
the indictment against Golden in
consideration of his testimony.

Tom Campbell's yeast is begin-
ning to work, yet it has not
brought up as big a loaf as this
fore jury-dictor promised. After
a two weeks' struggle, the Frank-
lin county grand jury this after-
noon returned ten indictments.

Thus far there is no evidence
that it will "hang right" with the
Republican party, despite
Campbell's efforts in that direc-
tion. The evidence on which these
men have been indicted, is
of course, not given out, but it is
undoubtedly based on the flimsy
stories told by F. W. Golden,
backed up by hearsay and gossip.

NEW DEPOT

Building has been Authorized and the
Plans Made.

We have seen the plans for the
new depot that is to be built this
summer by the L. & N. Rail-
road Company, at this place. The
building has been authorized. It
is to be a two-story house,
handsomely finished and provid-
ed on the first floor with two
waiting rooms, a ladies' waiting
room and a general waiting
room, baggage and toilet rooms
and agent's office. Upstairs will
be the dispatcher's, trainmaster's
and other rooms, with a record
room, hallway and toilet rooms.
There is an inside stairway. If
the rooms are made sufficiently
large to accommodate the travel
to and from Earlinton, with due
allowance for our certain growth
in population in the next few
years it will be all that could be
desired. The depot is to be
built on the site of the little park
at the Main street crossing.

Uncle Oscar Smith.
Uncle Oscar Smith, colored,
died Monday, after a long and
good old age. His old gray
horse left this world of care only
a few hours before death came
to the faithful old man. The
two had been companions and
closest friends for several years
and Uncle Oscar's chief concern
during his illness was whether
"Old Grey" was being properly
cared for. The attachment was
pathetic. After a long life of
faithful service Uncle Oscar has
gone to his reward. A large fu-
neral procession followed his re-
mains to the burying ground
Tuesday morning.

Col. E. G. Sebree was especial-

last night.

Plans and specifications are
being prepared for the new Opera
House that is to be built in Ear-
lington this year.

LOCAL NEWS.

Mrs. Taylor Oldham and daughter
were in town one day this week.

Ernest Littlepage makes very fre-
quent visits to friends in Earlinton.

Oscar Bonham, who was on the
sick list a few days ago, is now con-
valescent.

Rev. Wheat left the first of
the week for South Carrollton to assist
in a series of meetings at that place.
He will probably be absent a week
or ten days.

John Lake, Secretary for County
Ward Young Men's Christian As-
sociation, has been laboring at Hop-
kinsville for some time to effect an
organization. His labors are to be
rewarded within a few weeks by the
organization of a city branch associ-
ation which will be put in charge of
a special secretary.

Dr. Neville, the dentist, who is
well known to many of our people,
came to Earlinton Tuesday, the
day he had advertised through THE
BEE's columns for his next visit.
But he was suffering severely with
rheumatism and was unable to walk
to hotel, where he is now under the
doctor's care.

The outside of the new foundry
and machine shop of M. Hanna, pre-
sents quite a finished appearance
now, after numerous delays since its
construction began. It has received
a coat of paint and looks like a big
institution. The boilers have been
set and it is expected that the ma-
chinery, etc., will be moved out
from Madisonville in a short time.

Messrs. B. N. Farren, Philadel-
phia; H. B. Hanson, Saratoga
Springs, and E. G. Sebree, Henderson,
all directors in the St. Bernard
Coal Company, reached Earlinton
Monday to attend the annual meet-
ing of that company. They have
been the guests of Mr. Jno. B. Atkin-
son, president of the company, this
week.

Earlington, for many years has
had the honor of entertaining large
crowds on Easter, who came from
various towns and country around
to attend Easter services, and in-
cidentally show new spring garb.

This Easter Earlinton was de-
prived of this customary pleasure,
by reason of the excursion to Hen-
derson, but those who went on said
excursion, came back very sorry, be-
cause of the lively time on route
home. So it is expected that next
year Earlinton will have her full
quota of visitors.

Romantic Marriage.

Paducah, Ky., April 15.—A ro-
mantic marriage took place here
tonight, when Miss Floss Owen and
Wynn Tully were married. Mr.
Tully is confined to his bed. About
two weeks ago he had the misfor-
tune to have both legs broken by
being thrown from his buggy in a
runaway. The marriage ceremony
was performed by Rev. Briggs, of
the Methodist Church, while the
bridegroom lay on his couch, the
broken bones not being mended
sufficiently for him to stand on his
feet. The bride is one of the most
popular society devotees, being the
youngest daughter of the late Capt.
Henry Owen, while the bridegroom,
who is one of the most popular
young men of the city, is the son of
County Judge Tully.

The bride will know here. She
has visited Earlinton several times
and was very popular, having many
friends who extend congratulations.

The young ladies of Earlinton
did full justice to their lovely selves
and the beautiful weather of Easter,
when all of the girls wish most to
bloom out in their prettiest new
spring gowns and hats, like them-
selves most attractive. On Easter
Sunday wherever the eye rested on
natural grace and lovely face as to
a vision of loveliness. The truth is
like the old love story, always new—
that Earlinton is in the midst of
Beauty's flower garden. Here is
where the pretty girls grow, with
natural grace and lovely face and
all glow with health and strength that
is the essence of beauty.

Those horrid fits of depression,
melancholy, low spirits, and sudden
irritability, that sometimes afflict
even good temperate people, is due to
the blood being permeated with black
bile. HENRICK'S will purify the blood,
restore the health and cheerfulness.

Coal Scarce.
Kuttawa, Ky., April 16.—As a re-
sult of the miners' strike in this
section of the State, fuel is very scarce,
and there is an advance in prices.
The steamer Richardson, due here
last night from Clarksville, was un-
able to get a supply of coal at Evan-
sville, and was compelled to unload a
car here to make her trip.

The Coeur d'Alene mining riot

nothing but commendation for the
action of Governor Steuneger in trying
to uphold law and order. The dan-
gerous outrages committed by the
rioters appear the more cowardly as
the testimony increases.

How a Kentucky Actress' Tour Ended in Disaster.

Owensboro, Ky., April 15.—Miss Alma Powell (Mrs. Ward Headley), formerly of Princeton, Ky., who has been for the past winter with Minnie Madden Fiske as her understudy, is visiting her mother in Princeton. Miss Powell is well known in Owensboro, having visited here several times before going on the professional stage, and her friends will learn with regret of her recent misfortune. After having been with Mrs. Fiske all winter, she took her own "Becky Sharp" company out on the road this spring and while visiting Toronto, Canada, the theater in which she was playing with much success was burned and all of the company's scenery and all of Miss Powell's elegant wardrobe were destroyed.

The loss was a severe one and the manager decided to cancel further dates and disband the company. Miss Powell may head another company this fall.

RESIDENTS ARE DELIGHTED.

Laurel and Clay County People pleased at New Railroad.

London, Ky., April 15.—The people of Laurel and Clay county are delighted with the prospect of the Louisville & Nashville railroad building a branch line from Pittsburg, this county, to Manchester, Clay county. The route has been surveyed and it is said that the work of construction will begin in a few days.

This line will open up some of the finest stone and gravel fields in eastern Kentucky.

Report of Hopkins County Convention April 13th.

The Prohibitionists of Hopkins County met in mass convention at the Court House Saturday last at 10:30 o'clock, a. m. Nearly all the precincts in the county were represented. J. H. Dame, of Nebo, was elected chairman, and J. E. Brown, of Earlinton, secretary.

The following were elected delegates to the congressional convention at Owensboro April 26, 1900: J. H. Dame, Nebo, W. F. Barr, Walter McGary, John Twyman, Ernest Stokes, and Wm. Day, Earlinton, and W. T. Childers, Madisonville. Those of the W. C. T. U. were: Mrs. Francey, Mrs. Barnhill, Mrs. Long, Mrs. Rash, Mrs. Burchfield, Mrs. C. H. Murphy, and Miss Brooks, of Madisonville, and Mrs. Wm. Day, of Earlinton.

Alternates: J. W. Rash, Madisonville, R. E. Hill, Nebo, Rev. W. A. Boone and Elder J. L. Hill, of Madisonville, and J. E. Brown, Earlinton.

Mr. W. M. Likens, of Owensboro, delivered a short pointed talk after which Miss Jennie Thorpe, of Muncie, Ind., sang a beautiful selection, which captured the audience.

The committee on resolutions reported the following declarations:

To the chairman and members of the Hopkins County Prohibition Party in mass convention, assembled: We, your committee on resolutions ask to submit the following as our report:

1. We believe that the evil of the liquor traffic is of such magnitude, that its immediate abolition and prohibition demand of every citizen to unite in a political party in order to force the question to the front as the leading issue in politics.

2. In all other matters pertaining to the conduct of public affairs, we pledge the party to the enactment and enforcement of laws according to the constitution of Kentucky.

Threatened Coal Famine.

The Henderson Journal has this to say of the threatened coal famine at Evansville and other river points: Evansville, Ind., April 12.—Steamboats in the local port are having considerable difficulty in getting coal, and unless the miners in southern Indiana resume within the next week it will be almost impossible for them to get coal at any price.

The Green River boats, the Park City and the Crescent City, are now burning slack and in a few days they will be forced to burn wood as the boats in the "olden times" used to do.

When the strike of ten days ago was declared all the union miners in the State of Kentucky closed down except those at Utopia and Morgantown. The operators of these mines took the place of the diggers and by their efforts kept the Green river boats supplied with coal. Things went along all right until the operators received warning from the union men that the mines must close or if they would be blown up. The operators thought the best thing to do was to close the mines.

Since Tuesday the Green river boats have been using slack. They get their supply from the Aberdeen Coal Company at Aberdeen, Ky., but the supply is limited and when it is exhausted the boats will be forced to burn wood.

When the mines are running on schedule time the boats can get coal at 45 cents a bushel. They now find it hard to buy it for 7 cents a bushel.

There is absolutely no coal in Evansville that can be bought by the steamboats at any price. This is also true of Caseyville, Ky., where the boats heretofore have been able to purchase coal at any amount.

The Evansville and Paducah packets now buy coal at Paducah, Ky., but it is at an advanced price. If the miners in the State remain closed they will find it a hard proposition to buy it any place along the river between Louisville, Ky., and Paducah.

The Louisville boats take on coal at points all along the river, but they are forced to pay a higher price for it since the strike began. They cannot get any coal below Cannelton, Ind.

At Henderson, Ky., the boats can get coal in abundance at double price, but how long the supply will last is a question. Boat owners have placed barges at the levee and are having coal hauled down the railroad. This coal comes from Earlinton, Ky., a non-union mine. If the strike continues long the operators at Earlinton will be forced to shut off the steamboat supply because the price in the north and southwest will take them to that market.

Local steamboat men are counseling themselves with the fact that there is plenty of wood along the Ohio and Green rivers and if it comes to the worse they can fall back on that.

We believe thoroughly in advertising. To prove it we are going to use this space for our own purposes. We have advertising space to sell, and we know it will pay a good return upon the price we charge for it if it is properly used. Our paper goes into the best homes in this community. It has been going week after week and year after year until each issue is welcomed as an old friend of the family.

The news it brings is news of neighbors, of personal affairs in which all have more or less of a common interest. If one of our readers called upon you, a merchant, you would do the best you could to convince him that what you had for sale was the best he could buy. You would show him the new things you had got in recently. You would tell him why he should have them and why they were better than he could procure elsewhere. You probably would make a sale.

Your effort, however, would be confined to one person.

You could tell the same story just as effectively to every reader of this paper in each issue.

You do not believe it would have the same effect?

If you told the story in the same way it would. We are ready to do our part to prove it. Do you care to try it?
